Los Cedros

Fantastic promotion made up of 8 new-build townhomes located in a natural, quiet and elevated environment.
These townhouses are divided into 3 floors wich are distributed in 3 bedrooms and an attic, which makes a total of 4 rooms, as well as 2 bathrooms, and 1 toilet.
Fully independent kitchen furnished in a modern style as well as the rest of the carpentry distributed throughout the property.

Spacious living-dining room with fireplace that connects to a sunny terrace with access to the garden.
Garage space located at the entrance of the house and a 50m2 basement, ideal to be used as a gym room, guest room, games room for children or many other things.

Surrounded by beautiful green areas, you will be able to enjoy all the quiteness and privacy with your love ones.

This last phase of 8 units have the best see views of the complex and have been updated to the new construction regulations, including the issue of hot water that goes through solar panels, which will mean quite significant savings in electricit consumption.
